

Home learning challenge

Look at things around the room and say the sound they begin with. Can you hear the sound they end with too?

Go on a number hunt! What numbers can you see around your house or on your way to school? You could look at door numbers, number plates, on food packets, clocks or in magazines and books. You could take photos or draw pictures of the numbers you find. Can you find 0,1,2,3,4,5,6,7,8,9,10?

Ask a grown-up to write the numbers 1-10 on pieces of paper and hide them around a room or garden. Go on a hunt for all the numbers! Each time you find a number, tell a grown-up what number have you found. You could try using a timer too - can you find and name all the numbers before the timer runs out?

Ask your grown up to make toast. Ask for a plastic knife and spread the butter and jam on the toast.
