

Activities at Home

Project: Terrific Transformations

Dear Parents,

The activity for week: 3 beginning: 21st January: The Dragonfly

The activity we will be covering involves:

- Learning about the metamorphosis of a dragonfly
- Creating with a purpose in mind
- Exploring related vocabulary such as 'transparent'
- Playing fun games

Our activity includes:

- To learn about how a dragonfly changes through its life
- To explore transparency and what it means
- To use creative materials to make a dragonfly with transparent wings
- To play games to explore what dragonflies eat and which creatures eat dragonflies

You might wish to help your child to explore this topic at home or when you are out and about. Please feel free to approach the teachers for further explanations.

Our suggested activities are:

It would be a great help if you could collect as much information about dragonflies as possible to share at school; this could be researching books, photographs and pictures you may come across.
