

Home learning challenge

Counting objects to 10

Encourage your child to help you when out shopping by counting and collecting objects to put into the basket e.g. 'Can you get 2 apples?'

Support your child to help prepare simple recipes by counting amounts e.g. 'Can you put 2 cups of flour into the bowl?'

When playing with building bricks or small toys, encourage your child to count how many of each colour or size or make a colour pattern

Play simple board games and ask your child to count the spots shown on the dice and the number of spaces to move.

Sing number- themed counting rhymes and use fingers or small props to help count the items e.g. '10 Green Bottles' or '5 Little Ducks'.
