

## **Activities at Home**

### **Project: 'The Greatest Journey'**

**Dear Parents,**

**The activity for week:           4           beginning: 16.5.22**

**Is: 'A Journey along the Weeki Wachee' and other crystal clear waters**

**The activity we will be covering involves:**

We will be looking at some of the amazing videos and pictures of the Wiki Wachee, the spring in Florida that is so deep that the bottom has never been found. We will also explore photographs and other amazing places with clear water. Such as:

- Big Major cay (and the swimming pigs) in the Bahamas
- Porthcurno, Cornwall
- The Maldives

**Our activity includes:**

- Looking at some photographs and videos of amazing clear water in different locations
- Exploring the variety of wildlife that can be found in each of these oceans/ivers
- Creating our own 'glass bottom boat'
- Setting up a small world activity with a variety of wildlife/animals with crystal clear water, sailing our boats

**Key/New Words: transparent, current, animal, oasis, spring, tide, wildlife, species, island**

**You might wish to help your child to explore this topic at home or when you are out and about. Please feel free to approach the teachers for further explanations.**

**Our suggested activities are:**

- Visit the London Aquarium, can you find any of the sea creatures we learnt about during project?
- Visit 'Get up and Go Weeki Wachee' on Instagram and have a look at some of the amazing videos
- Why not create your own 'crystal clear oasis' in the bath by adding some natural blue food dye to the water and adding all of your favourite animals.
