## 1. Background Information

### About the school

- 1.1 The Roche School is an independent co-educational day school for pupils aged between two and eleven years. The school was founded in 1983 by its current proprietors, Dr James and Mrs Carmen Roche, who are supported by an advisory body. The headmistress has been in post since 2010. The school has recently become a member of the Independent Schools Association. Its previous inspection was carried out by Ofsted in March 2018.
- 1.2 From March 2020, the whole school remained open only for vulnerable children and children of key workers. During this period of closure, the school provided remote learning materials for all pupils. In line with government guidance year groups gradually returned to school until the whole school had returned by July 2020.
- 1.3 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.4 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.5 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.6 Since 2020, EYFS profiles have not been externally moderated.

### What the school seeks to do

- 1.7 The school aims to create a culture which places a high value on individual worth, respect for others and a sense of responsibility. The school is committed to giving pupils a start in life which ensures that they grow to be happy, confident individuals who are intellectually discriminating and able to take advantage of the opportunities given to them. The school is holistic in its approach and places a strong emphasis on emotional well-being and personal development.

### About the pupils

- 1.8 Most pupils come from a range of professional and business backgrounds and live within a five-mile radius of the school. The school has identified 39 pupils with special educational needs and/or disabilities (SEND); of these, 24 receive additional support. Nine pupils have an education, health and care (EHC) plan. There are 37 pupils who have English as an additional language, 13 of whom receive additional help with their English. There are a total of 29 other languages spoken. The school has identified 42 of its pupils as more able and the school differentiates for and extends the learning of these pupils across the curriculum.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

**COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.**

Inspectors visited the facilities for the youngest pupils, together with the learning support and educational resource areas. The responses of parents, staff and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
