Policy Index: 3.4.8 Equalities of Opportunities

# THE ROCHE SCHOOL High Attaining Children Policy (with Aim Higher Register)

Formerly known as the Gifted and Talented Policy

This policy which applies to the whole school is saved on the school shared system and upon request a copy (which can be made available in large print or other accessible format if required) may be obtained from the School Office.

| Information Sharing Category | School Shared System (Public copy provided on request) |

| Responsible Area             | Jonny Gilbert  |

#### **Rationale**

Our school aims state that we:

- welcome children with a wide range of educational requirements;
- enable our children to develop self- assurance, to involve themselves in higher level thinking and dialogue, to learn actively through questioning and reflection and to stretch the current boundaries of their ability;
- relish the mixture of different intellects and recognise that intellectual development does not rely on or apply only to purely academic outcomes or progress;
- we are committed to working for quality and equality of opportunity.

This policy is an integral part of the school's broader development of maximum inclusion of educational opportunity for all pupils and states our commitment to providing an environment in which all pupils are enabled to realise their potential.

#### <u>Aims</u>

This policy is intended to support the following aims:

- The raising of aspiration for all pupils
- High expectations of achievement for all pupils
- Greater enterprise, self-reliance and independence for all pupils

In order to achieve these aims, we will ensure that all pupils have opportunities to develop specific skills or talents.

#### **Definitions**

Within the school, we recognise that the term 'gifted and talented' can be misleading and that:

Ability and potential are not fixed

The Roche School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

- Current attainment can be specific in certain disciplines
- Talent and ability can be grown through effort, Quality First Teaching and repeated practice
- The term 'currently high attainers' reflects this understanding more than gifted and talented
- The school has trained staff in an understanding of the impact of fixed and growth mindsets and pupils understanding of their potential

#### Identification

Currently high attaining pupils are identified by making a judgement based on an analysis of various sources of information including:

- Summative assessment outcomes
- Teacher nomination (based on classroom observation, discussions with pupils, work scrutiny)
- Reading ages

Children are identified as suitable for the Aim Higher register, if they present with the following:

- An particular proficiency in one or more areas of the curriculum, as teacher assessed by Class, Specialist or sets teachers against the Expected Standard
- If in Maths or English comprehension, an Age Standardised Score of >141
- If in English writing, a score of >2 sub levels beyond the Expected Standard
- Sophisticated learning behaviours, such as: the ability to see and work within context, ease
  of understanding abstract ideas and the ability to quickly learn new concepts and use them
  in new ways. (Skoldvall 2012)

This information is collated by the Director of Studies and is made available to all staff. The Aim Higher register is regularly reviewed and updated (please see below).

## Organisational and in-class approaches

Important strategies include:

- The coherent management of pupil groupings (whether in mixed ability groups or ability sets)
- The provision of opportunities for currently high achieving pupils to work with pupils of similar ability
- The provision of opportunities for currently high achieving pupils to work with pupils with a range of abilities, adopting a range of roles
- Mentoring and additional provision for pupils of current ability, significantly beyond the Expected Standard
- The provision of enrichment/extension activities and tasks
- Differentiation within subject areas
- The development of independent learning by allowing pupils to organise their own work, to carry out tasks unaided, evaluate their work and become self-critical
- The encouragement and development of mature and sophisticated learning behaviours alongside current ability, significantly beyond the Expected Standard

### **Out of class activities**

The following are offered on a regular basis and, although these benefit all pupils, they are particularly apt for ensuring that pupils who have potential in these areas are given opportunities to practice and extend their skills.

- School clubs
- Musical and sporting activities
- On a non-regular basis, enrichment activity days such as Battle of the Books, robotics workshops and the Borough Maths 24 competition offer opportunities to challenge currently high achievers

# **Co-ordination and monitoring**

The Director of Studies has overall responsibility for

- ensuring that the policy is implemented;
- co-ordinating the monitoring of progress (liaising with the Assessment Coordinator);
- ensuring that the professional development programme includes relevant aspects of provision for high achievers

# **Appendix One: Aim Higher Register 2021-2022**

NB: The Aim Higher Register contains a list of children working significantly above the Expected Standard in one or more areas of the curriculum. This is a working document and is subject to change. The format of future registers is subject to change The below version is anonymised.

| Yr | Maths | English | Focus                  | Comments   | Provision and Activities   |

|   |            |                |  | Extra folder with Reading<br>Comprehension, Spellings and<br>Creative writing   |
|   |            |                |  | Reading books and comics from the French Library  |
| 5 |            | French         | Native French Speaker<br>Very capable all rounder.   | Additional Extension Tasks in class activities  |
|   |            |                | Also able in Maths with extension work provided. Fluent in speaking and reasoning in Maths and across all other subject areas.                               | Open-ended writing encouraged to use ambitious vocabulary.  Differentiated challenge in Maths -   |
| 4 | 4E writing | Maths, English | Art is also excellent -drawings are really detailed and confident.  Very able in Maths with extension work provided. Tackles enrichment tasks confidently on | encouraged to challenge himself as he will choose tasks he is confident of succeeding in  Differentiated challenge in Maths – nrich tasks. Jonny is going to see if  Dr Alex has space on his timetable |
| 4 |            | Maths          | her own, although as a very shy<br>character she can struggle to<br>confidently discuss her reasoning<br>with other children.                                | for an additional Maths enrichment group.   |
|   |            |                |  | Extra folder with Reading<br>Comprehension, Spellings and<br>Creative writing   |
|   |            |                |  | Start Reading books and comics from the French Library  |
| 4 |            | French         | Native French speaker  | Additional Extension Tasks in class activities Extra folder with spelling and reading comprehension   |
|   |            |                |  | Start creative writing tasks  |
| 3 |            | French         | Native French speaker  | Additional Extension Tasks in class activities  |
| 3 |            | Maths          | Able in calculations and arithmetic.   | Extension through questioning on reasoning and problem solving.   |
| 3 |            | Maths, English | Very able verbally and in written.   | Settings, grouping, challenge and extension where necessary.  Extra art challenges  |
| 3 |            | Art            |  | Extra art challenges  |
| 3 |            | Art            |  |   |

| 2 | English                    | Orally very capable and imaginative – he has excellent recall of conversations and makes insightful contributions in class discussions. | Extension tasks and challenges given to him in English   |
|---|----------------------------|---|--|
|   |                            | Imaginative and creative for her age group. She uses some   | Extension work given to her in class.  |
| 2 | English – creative writing | descriptive language and has independence in her ideas.   |  |
| 1 | Reading, Maths             |   | Maths sessions adapted to suit his learning needs so he is challenged. He is reading at a very high level. |
|   |                            |   | Maths sessions adapted to suit his learning needs so he is challenged. He can access year two maths. He    |
| 1 | Reading, Maths             |   | is reading at a very high level.   |

# **Appendix Two: Enrichment Provision**

Please note, enrichment provision was limited during the 2020-2021 and 2021-2022 academic years, due to the Covid-19 pandemic

The below lists have been anonymised

2019-2020

| Activity                                  | Location                                  | Date                     | Participants  |
|---|---|--------------------------|---|
| Year 5 Maths enrichment afternoon         | Radnor House School                       | 15/10/19                 | Year 5 - selected children                                    |
| Year 4 Writing enrichment<br>workshop     | Our Lady Queen of<br>Peace School, Putney | 19/11/19                 | Year 5 - selected children                                    |
